1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (hereinafter referred to as FOIA) is that public authorities, including all academies, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available on each school's website listed on the front cover or for central policies and procedures, TAMAT website www.tamat.org.uk to download and print off, or available in paper form on request.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

The Alliance Multi-Academy Trust (TAMAT) brings together local, like-minded schools within collaborative reach to achieve even greater outcomes for every child than would be individually possible.

We place learning at the heart of our communities. We pool our resources to deepen and nourish the education of all. We aim to improve the life chances of all our children, by helping them develop wisdom, hope, a sense of community and dignity.

Each school's unique ethos and values, whether secular or faith, are strengths to be celebrated and enrich our trust. Fundamental to all schools within our alliance is a belief in a child-centred approach to education and a commitment to raising the aspirations, achievements and well-being of every one of our children, our staff and our communities.

This Publication Scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The Publication Scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

School Prospectus:	Information published in the school prospectus.
Governors' Documents:	Information published in the School Profile and in other governing body documents.
Pupils & Curriculum:	Information about policies that relate to pupils and the school curriculum.
School Policies:	Policies that relate to the school in general
Other information:	Related to the school

4. How to request information
